Beambridge Medical Ltd

Environmental Policy

Our Commitment:

- To constantly monitor our own practices.
- To continually improve due to internal mechanisms.
- Respond to changes externally.
- Review and match competitors' environmental activities.
- Respond to Government initiatives and comply with legal requirements.
- Operate in an environmentally and socially responsible manner.
- Make environmental considerations integral to Beambridge Medical Ltd processes, planning and decision making.

Our Practical Environmental Activities:

- Waste Management – separation; recycling.
- Transport -
  - *Receivables are planned to minimise number of miles travelled.*
  - *Despatches are planned to take into account ability to bulk up orders to customers.*
- All employees who require company-provided vehicles must plan journeys in the most efficient manner. This is monitored and controlled frequently.
- Internal use of heating and light – comply with latest energy efficiency standards.
- As a manufacturer our production planning is controlled every 10 days to ensure long, energy efficient runs. Short production runs requiring frequent 'powering-up' are kept to a minimum.
- Beambridge Medical Ltd is committed to encouraging and cooperating with its suppliers and sub-contractors to improve their own environmental impact and efficiency.
- Beambridge Medical Ltd operate a paperless communication and administrative filing policy due to our state-of-the-art electronic system.
